The City Debt on the first day of February, 1853, as per account of last year, was . . .	$186,810 40
Of this sum, there has been paid during the year, when falling due, ...	28,700 00
Reducing the debt to . . .	$158,110 40
Which has been increased by loans authorized, for the renewal of a portion of the debt, . .	23,000 00
Making the total City Debt at this time, . .	$181,110 40

The times when this sum becomes payable, may be seen by referring to the schedule of the City Debt accompanying this Report.

It will be observed that there has been a reduction of the debt the past year of $5,700. Of the sum of $28,700, which fell due during the year, $23,000 was paid by a renewal of the same, and $5,700 received from the sales of Munroe and Stony Brook lands. There still remain in the Treasury notes of sundry individuals secured by mortgage of $19,201 90, which, as they become due, will be appropriated to the liquidation of the City Debt, as directed by the City Council.

The report of the Overseers of the Poor is appended. The items of expenditure in this department will be found under the appropriate heads in the details of appropriations and expendi-

tures. The amount expended during the year for the support of the Poor was $11,458 80. There was received into the Treasury for this purpose, from the Commonwealth, from other towns and cities and from other sources, the sum of $4,231 66; showing the net cost to be $7,227 14. It was supposed that the buildings erected by the Commonwealth would have been ready for the reception of the State Paupers early in the winter, but it is thought they will not be ready for occupancy for some weeks to come. When this shall have been accomplished, the cost of this department will be greatly reduced.

A new Primary School-house has been erected on Francis street, which, with the land, cost $3,879 12. The entire cost of the Schools,—that is, for teachers' salaries, fuel, appropriation for High School,—amounts to $26,391 51. This is an increase over last year of $1,681 90.

The expenditures for Highways, Bridges and Sidewalks, amount to $10,666 28, which is less than those of last year by $5,173 92.

Besides the ordinary cost of repairs of Highways, there has been expended for grading a portion of Ruggles and Orange streets, $2,709 89. There has also been paid for land taken for widening Highland, Warren and Washington streets, $1,631 78.

Under the State Valuation of 1850, Roxbury pays nearly *twenty-eight* per cent. of the tax of the County of Norfolk. By the terms of agreement between Roxbury and West Roxbury in the division,—the former pays *seventy-one* and *three-quarters* per cent., and the latter, *twenty-eight* and *one quarter* per cent. of all State and County Taxes levied upon Roxbury.

The State Tax for 1853 was, ...		$6,612 00
Of which, Roxbury paid, . .	$4,746 35	
West Roxbury paid, .	1,865 65	
		$6,612 00
The County Tax for 1853 was, ...		$12,577 39
Of which, Roxbury paid, . .	$9,028 55	
West Roxbury paid, .	3,548 84	
		$12,577 39

For the state and condition of the Fire Department, with details of service, reference may be made to the report of the Chief Engineer, which is appended. The items of expenditure for this department may be found in the details of expenditures accompanying this report. Four Reservoirs have been built during the year at a cost of $1,721 10, and located—one at the junction of Oak and Edinboro' streets, one on Norfolk street, one on Davis street, and one on Adams, near Eustis street.

There has been expended for Lamps (fluid, lighting, repairs, &c.) the sum of $3,243 14, showing an increase of 811 67 over the preceding year.

Appended will be found the annual report of the Commissioners of the Cemetery, giving a statement of their doings for the year, the state and condition of the Cemetery, the receipts from sales and grading lots, and the various items of expenditure, together with the names of the purchasers of lots.

The Act of the Legislature requires that the proceeds of sales of lots or rights of burial, shall be paid into the Treasury of the City, to be kept separate from any other funds of the City, and subject to the order of the Commissioners. The proceeds are to be devoted to the liquidation of the debt incurred in the purchase of the land, and for improving and embellishing the grounds.

The amount received into the Treasury from Feb. 1, 1853, to Feb. 1, 1854, from sundry persons, for sales and grading lots, including balance on hand, was	$27,973 94
And the amount paid upon the drafts or orders of the Commissioners for the same period, was .	26,312 22
Leaving a balance in the Treasury, Feb. 1, 1854, of	$1,661 72

The Cemetery Debt, Feb. 1, 1853, was . .	$33,144 98
Of which there has been paid during the year, .	5,144 98
Reducing the Debt to	$28,000 00

The times when this sum becomes payable, may be seen by referring to the schedule accompanying this report.

Annexed are statements of the unexpended balances of the appropriations of the previous year, and the appropriations and transfers of 1853; the details of the expenditures under their proper heads, and the present balance of each appropriation, and a Schedule of the Real and Personal Property of the City.

All which is respectfully submitted.

For the Committee,

JOSEPH N. BREWER, *Chairman.*

OVERSEERS OF THE POOR.

City of Roxbury, February 27, 1854.

The Overseers of the Poor of the City of Roxbury, respectfully submit the following

REPORT:

For the year ending with the 31st ult., the Receipts and Expenditures for the support of the Poor of the City, have been as follows.

RECEIPTS FOR THE SUPPORT OF POOR, FROM FEB. 1, 1853, TO FEB. 1, 1854.

Balance undrawn Feb. 1, 1853, .	$1,886 17

Annual appropriation, . . .	5,000 00	
Additional appropriation, to be reimbursed from the State Pauper Account, ...	2,000 00	
		$11,488 35

EXPENDITURES.

For Support of Poor, . . .	$11,458 80	
Balance unexpended, . . .	29 55	
		$11,488 35

In our account against the Commonwealth for the support of "State Paupers" and "Ship-fever patients," for the year ending 31st October, 1851, there was a deduction made by the State Auditor and confirmed by the Committee on Accounts of the Legislature for 1852, of $2,562 18; of this sum, $1,100 were allowed by the Committee on Claims of the Legislature for the year 1853, which allowance was confirmed by the Legislature.

The account against the Commonwealth for the support of State Paupers for the year ending October 31, 1853, amounting to $2,821 71, we had every reason to hope would be allowed in full, but by a rule applied to pauper accounts, by the State Auditor, we learn there has been a deduction of $630 79.

In view of the probable removal of the State Paupers to the State Almshouse in May or June next, the Board are of the opinion that an appropriation of $4,000 will be sufficient for this department for the ensuing year.

Mr. Isaac H. Meserve, who has, for a period of twelve years, been the able and faithful Superintendent of the Almshouse estabment, having been appointed by the Governor of the Commonwealth, Superintendent of the State Almshouse at Tewksbury, retired on the 31st ult. from the duties he has so long discharged with honor to himself and satisfaction to the city.

Mr. Ezra Young has been appointed Superintendent, in place of Mr. Meserve, resigned, and has entered upon the duties of his office.

The expediency of providing a place less extensive than Brook Farm for the accommodation of our poor, when the buildings now being erected by the Commonwealth for the reception of State Paupers shall have been completed, and the State Paupers removed thereto, is a question for the early consideration of the City Council.

For a statement in detail of the Department, reference may be had to the reports of the late Superintendent, and of Dr. Allen, the excellent and attentive Physician, which are herewith annexed.

LINUS B. COMINS,

Mayor and Ex-officio Chairman of the Board of Overseers of the Poor.

REPORT

OF THE

SUPERINTENDENT OF THE ALMSHOUSE.

BROOK FARM, ROXBURY, JAN. 30, 1854.

To the Overseers of the Poor of the City of Roxbury:

GENTLEMEN—It again becomes my duty to present to you my Annual Report of the Almshouse. I beg leave to present the following statement.

FURNITURE IN THE HOUSE.

Bedsteads and Bunks,	100
Feather Beds,	25
Under Beds,	100
Pillows,	260
Pillowcases,	300
Sheets,	320
Bedspreads,	165
Counterpanes,	88

Blankets and other articles of Bedding in sufficient quantities.

PRODUCE RAISED ON THE FARM.

Hay,	80	tons.
Carrots,	30	"
Rye Straw,	5	"
Corn,	450	bushels.
Rye,	81	"
Potatoes,	300	"
Turnips,	1000	"
Parsnips and Beets,	100	"
Cabbages,	2000	heads.
And many other Vegetables.		
Milk,	2300	gallons.
Pork raised and killed,	8000	pounds.

The most of the beef was purchased in Brighton, and slaughtered at the Farm.

The grounds cultivated produced very well. I planted five acres to corn. The average product was 90 bushels to the acre. The best acre produced 105 bushels, for which I was awarded a premium at the Norfolk County Agricultural Fair.

I planted seven acres of potatoes. The crop was good, but they were mostly destroyed by the disease which prevailed to a very great extent in this place; we lost by the rot about 1000 bushels.

The root crop was good. Much of the work on the Farm this year, as well as last, was done by the largest of the school-boys, which has been very much to their advantage in learning to work. The Farm is in a good state of cultivation. I have sowed to grass seed the past Fall eight acres, with the ground in good condition for a crop of grass next Summer; and I think you will find it necessary to build a barn the coming Summer, should it be a good hay season, to be able to receive all the hay cut on the Farm.

I sowed last Fall about six acres to winter rye. We have a large quantity of good manure on hand, for use in the Spring. We took from the meadow last Fall to the high ground 300 loads of vegetable muck, for the action of the frost this Winter, that it may be ready for compost in the Spring.

The inmates have conducted themselves well. I have had no difficulty in keeping good order; the most of them have performed their duties cheerfully and with considerable interest. The house has been remarkably healthy the past year. You will see by the statement of inmates, there have been but 11 deaths—nine of these were adults, and were brought to the house to die; the other two were infants, that died with marasmus.

The physician, Ira Allen, has attended to his duties faithfully and cheerfully, with good results. For a statement of the medical department of the house, please see Physician's Report. We have had religious services during the year; we have been supplied by students from the Theological Institution at Newton. For their services they have been paid $2 for each Sabbath.

Since January 31st, 1847, to January 31st, 1854, there have been admitted to the Almshouse 3804 persons, 2507 of whom have been under medical treatment during their stay in the house —3372 have been discharged—258 have died—and 174 now remain in the house.

Gentlemen—Though my official relations with the Board have ceased, permit me to state, that, through the whole twelve years of my service as Superintendent of the Almshouse, I have received every mark of kindness from each and every member of the several Boards under the town and city governments; and I have ever found them ready to adopt every suggestion that would further benefit those unfortunate and destitute persons who have been placed under my care for relief and protection, irrespective of character or nationality.

I shall never cease to remember my many obligations to the several Boards who have directed me in the discharge of my official duties, and wish them success in their continued efforts to relieve the destitute who are objects of charity in our community.

Most respectfully submitted by your obedient servant,

Isaac H. Meserve,
Superintendent of Almshouse.

Brook Farm, Jan. 30, 1854.

REPORT

OF THE

PHYSICIAN TO THE ALMSHOUSE.

To the Overseers of the Poor of the City of Roxbury:

GENTLEMEN—The amount of sickness at the Almshouse has been less the past year, than the year previous.

The whole number of patients during the year amounts to		140
Recovered and discharged, . . .	122	
Now under treatment, . . .	7	
Died, ...	11	
		140

The following is a summary of the principal diseases that have been under treatment during the year:

Typhus Fever (ship), ...	3
Typhoid "	23
Scarlet "	4
Lung "	4
Disease of Brain, ...	6
" Bowels, ...	13
" Eyes and Ear, ...	24
" Skin, ...	4
Childbirths, ...	6
Consumption, ...	3
Venereal Diseases	5
Rheumatic "	4
Insane, ...	3
Various other Diseases, ...	38
	140

There have been six births in the house the past year. Those now under medical treatment in the Hospital were admitted with chronic diseases, and of that nature that there is but little hope of rendering them more than temporary relief. A large proportion of the persons admitted to the house during the early part of the past year, were admitted direct to the Hospital for medical assistance. West Roxbury have sent their sick to the house the past year, for whom they have paid the city extra pay for medical attendance, nursing, &c. The inmates of the house have been very healthy, more particularly the children. There have been but two deaths in the house of persons under the age of twenty-three years, during the year ; and I think I am justified in saying, that the good health of the inmates and children may, in great measure, be attributed to the strict order and discipline for cleanliness, which have ever been characteristic of the Superintendent, his wife and his assistants, and which has been rigidly enforced among the inmates of the house. The nurse, whose duty it has been to take care of the sick, has discharged her duty faithfully, and I believe to the satisfaction of all under her care.

With acknowledgments to the Board for repeated acts of kindness,

I remain, Gentlemen, your obedient servant,

IRA ALLEN,
Physician to the Almshouse.

Roxbury, Jan. 31*st*, 1854.

REPORT

OF THE

COMMISSIONERS OF FOREST HILLS CEMETERY.

THE Commissioners of Forest Hills Cemetery, in conformity to the fifth section of "An Act relative to a Public Cemetery in the City of Roxbury," respectfully submit their

SIXTH ANNUAL REPORT.

Since our last Report, Henry Codman, Esq., one of the Commissioners, who was twice elected to that office by the City Council, has been removed by death. In announcing this event, we are reminded of his attention to the duties in the early laying out of the Cemetery, and of the assistance afforded by his good judgment and taste at the many consultations held in the progress of the work.

Each succeeding year gives new interest to the trust committed to the Commissioners of Forest Hills Cemetery. Publicly consecrated as the sacred receptacle of the dead, it is yearly becoming more and more consecrated in the deepest sympathies of many hearts, as the resting-place of all that was mortal of friends departed, over whose sleeping forms, so long and so fondly cherished, affection still comes to pay its frequent and gushing tribute.

The progress made in grading and beautifying the grounds of this hallowed enclosure, has rendered it an object of attraction the past, far beyond any preceding year, and fully realizing the most sanguine anticipations expressed in the last Report.

The happy combination of the ornamental with the rural in these improvements, as the work advances, more fully developes the fitness of the spot for its end, and invests it with an air of

cheerfulness, beautifully contrasting with the bleak and gloomy aspect of ordinary grave-yards. If any one, as he comes into this "garden of graves," should be disposed to say, in the language of another, "Already am I half in love with Death," he will hardly fail to be reminded still more strongly of those

"Sweet fields beyond the swelling floods,"

where

"Everlasting spring abides,
And never-fading flowers,"

in the midst of whose pure and heavenly beauties the spirit should be able with joy to await the resurrection of its tabernacle from a resting-place so lovely.

The demand for lots the last year has been greater than at any former time since the consecration of the Cemetery; of which 138, averaging 318 feet each, have been sold.

During the season also have been sold 130 graves in the Field of Machpelah.

The lots have been excavated, graded, and finished by the setting of stone posts and sodding, as fast as was requisite to meet the wants of purchasers.

In addition to the preparation of these lots, 156 graves in the Field of Machpelah have been trenched and finished, which are yet unsold.

Many of the Avenues and Paths in the Cemetery have been extended, in the same thorough manner as mentioned in our last Report, by removing the loam, which is used in grading the lots, and filling the excavations with stones and covering with gravel.

Forest Hills Avenue has been greatly improved the last season by altering the grade, so that the ascent to the Egyptian gateway is much more easy and pleasant.

One of the spots in Forest Hills not the least attractive, is Lake Hibiscus; which, during the last year, has been enlarged and improved by further excavations on the southerly side, and by forming a small island near its north-western border, called "Spring Island." This island takes its name from the fact, that a never failing spring of water gushes out in a perpetual stream from the top of it, discharging, during the dryest weather of the last summer, at the rate of three gallons of water per minute. This spring is of great importance to the Cemetery, particularly on account of the purity of the water and its central location in the grounds where so many workmen are occupied.

The rich loam which is removed for the enlargement of the lake is found of great importance, in preparing the lots and borders for the cultivation of grass, flowers and shrubs.

The small shed, erected at the commencement of operations at Forest Hills, for the protection of tools, having become insufficient for the purpose, and the grounds under and around the same being wanted for the purpose of being finished into lots, the Commissioners the last summer caused the barn, 24 + 22 feet, and the shed, 21 + 17 feet, which were situated on land last purchased of the late Joel Seaverns, to be removed to a more central location; and had the same put in good order for the safe keeping of tools, for the storage of cement and other materials used in constructing tombs, catacombs, &c. This building will also furnish a convenient retreat for visitors in the event of sudden showers and storms. The need of such a building has long been felt, and has been the subject of much thought and conversation by the Superintendent and Commissioners.

During the last year ten family tombs, and fifty catacombs or brick graves, have been constructed in the lots of proprietors.

Sixty-two lots have been enclosed with iron fences at an average cost of about $125 each.

Thirty-one monuments have been erected, costing from $100 to $1800 each.

For the performance of the labor needful in carrying forward these various improvements in the Cemetery, about forty laborers have been employed upon an average during the year.

The whole number of interments during the last year, in private lots and in the Field of Machpelah, has amounted to 373.

The Commissioners have paid, during the year, $5,144 98 of the principal of the notes given by the City for the purchase of land for the Cemetery; which, added to the sum of $3,749 69, before paid, amounts to $8,894 67.

The unpaid notes, given by the City for Cemetery grounds, amounts to the sum of $28,000.

The Commissioners would remind those proprietors of lots in Forest Hills, who have not had their lots numbered, that in the fourth section of the Rules and Regulations on the first page of their deeds, it is required that each proprietor of a lot "shall cause the number thereof to be legibly and permanently marked on the premises." The increase in the number of lot holders makes it important that there should be a universal compliance with the above mentioned rule. The Superintendent has already experienced no little inconvenience from the fact, that a large

number of lots are either not numbered at all, or so slightly numbered on a small piece of wood, that it is easily removed or the number obliterated.

The Commissioners are happy in the evidence that the enterprise entrusted to their hands is growing in the interest and favor of the community. It is worthy the interest it awakens. Christianity, which strengthens the domestic tie, hallows the place of our loved ones' sepulture. It dictates a rational and tender care not alone for the spirit which cannot die, but for that "mortal" which "shall put on immortality." And though our resurrection may be alike glorious from amidst the sterile and neglected, or the tastefully ornamented place of burial, yet the loveliness of the latter is not without its moral, and its soothing suggestive power to the living, while the former is gloomy and repulsive.

For the improvements and embellishments which already so highly distinguish Forest Hills, the Commissioners cannot too strongly express their indebtedness to the taste and judgment and untiring assiduity of their Superintendent, Mr. Brims. Their grateful acknowledgments are due also to J. W. Dudley, City Treasurer, and to J. W. Tucker, City Clerk, for the faithful discharge of their respective duties, thus greatly facilitating the plans and endeavors of the Commissioners.

Chairman of the Commissioners of Forest Hills Cemetery.

AN ACT

In addition to An Act relating to a Public Cemetery in the City of Roxbury.

Be it enacted by the Senate and House of Representatives, in General Court assembled, and by the authority of the same, as follows:

SECT. 1. The board of commissioners of the rural cemetery in Roxbury, elected by the city council, pursuant to an act approved March 24, 1848, are authorized to take and hold any grant, donation or bequest of property, upon trust, to apply the same, or the income thereof, for the improvement or embellishment of the said cemetery, or for the erection, repair, preservation or renewal of any monument, fence or other erection, or for the planting and cultivation of trees, shrubs or plants, in or around any lot, or for improving the said premises in any other manner or form, consistent with the purposes for which said cemetery is established, according to the terms of such grant, donation or bequest. And whenever any such grant, donation or bequest, or any deposit shall be made by the proprietor of any lot in said cemetery, for the annual repair, preservation or embellishment of such lot and the erections thereon, the said commissioners may give to such proprietor, or his representative, an agreement or obligation, in such form and upon such terms and conditions as they may establish, binding themselves and their successors to preserve and keep in repair said lot forever, or for such period as may be agreed upon.

SECT. 2. Any sums of money, so received by said commissioners, shall be invested by the city treasurer of Roxbury, under the direction of said commissioners, in public stocks or mortgages of real estate, and all such property, received under the provisions of the foregoing section (unless other provision is made by the terms of any such grant, donation or bequest), shall be made under the charge of said city treasurer, but shall always remain separate from and independent of any other moneys or property belonging to the city of Roxbury, and free from the control of the city council. And the income of such fund, or funds, shall be received by said treasurer, subject to the order of said commissioners, and shall be appropriated by them in such manner as shall, in their opinion, best promote the purposes for which said grants, donations, bequests or deposits are made.

SECT. 3. The city of Roxbury shall be responsible for the good faith of said commissioners, and the treasurer of said city, in the execution of any trust which they may assume pursuant to the foregoing provisions. But said commissioners shall not be liable to make any renewal or reconstruction of any monument, or other erection on any lots in said cemetery, unless such liability shall be expressed in the agreement given by them as aforesaid, or in the terms and conditions under which they accept any grant, donation or bequest.

SECT. 4. This act shall be void unless the city council of Roxbury shall accept the same, at a meeting of said council called for that purpose, within thirty days after its passage.

SECT. 5. This act shall take effect from and after its passage. [*Passed Feb.* 25, 1852. [Accepted by the City Council, March 8, 1852.]

REPORT

OF THE

CHIEF ENGINEER OF THE FIRE DEPARTMENT.

ROXBURY, FEB. 1, 1854.

To the Honorable the Mayor and Aldermen, and Common Council.

GENTLEMEN:—Agreeable to the requirements of the Fire Ordinance, I herewith present my Annual Report of the state and condition of the Engine-houses, Engines and Apparatus, with a list of the officers and members attached to the Fire Department, with their ages and residences, the number of Reservoirs, their location and condition; also the number of Fires and Alarms within the City from February 1st, 1853, to February 1st, 1854, with the amount of Loss and Insurance.

The Department consists of 5 Engineers and 192 Firemen; there are 5 Engines and 6 Hose Carriages, 1 Hook and Ladder Carriage, 134 feet of Suction Hose, 3,450 feet of Leading Hose.

The Department has been called out the past year 81 times, from the following causes:—fires, 26 times; false alarms, 11 times; bursting of camphene lamps, 2 times; burning of chimneys, 3 times; ringing of factory bells, 8 times; alarms originating out of the City, 31 times. The Loss by Fire amounts to $58,340; the Insurance on the same to $49,800.

The Engine-houses, Engines and Fire Apparatus generally, are in good condition, with the exception of the Hook and Ladder Carriage and Ladders. The Carriage, I believe, was built in 1829, and has well served the purpose for which it was designed;

but in consequence of the increased number of high buildings in the City, the Department are often subjected to great inconvenience for the want of proper ladders. I recommend that the present Carriage be sold as soon as opportunity offers, and a new one purchased, with suitable ladders.

Respectfully submitted,

A. S. PARKER, *Chief Engineer.*

—

In Board of Aldermen, Feb. 27, 1854.

Referred to the Committee on Accounts, with instructions to print such parts of the Report and accompanying papers as they deem expedient.

Sent down for concurrence.

JOSEPH W. TUCKER, *City Clerk.*

In Common Council, March 6, 1854.
